The JLUS will consider uses surrounding the Hardwood Range to determine how development in the future is likely to impact the mission and operations of Volk Field. Volk Field is one of the largest employers in Juneau County, so its continuing operation has significance to the entire community. There will be a short informational presentation on the JLUS process and the operation of Volk Field and Hardwood Range, and then citizens will have an opportunity to express their opinions. A quorum of the County Board will be present, but will act on the resolution at their regular meeting the following day December 15, 2009.
